

Authorised Ariel Spare Parts Distributor and Service Partner

HOERBIGER
because performance counts

In Asia Pacific region, HOERBIGER has a professional team of Ariel factory trained and certified technicians to service, repair, and maintain Ariel compressors.

In addition to OEM spare parts and compressor service the facility of HOERBIGER in Melbourne, Australia is an authorised training center providing specialised Ariel compressor service training designed for engineering and maintenance staff. Another certified Ariel training center is opening soon in Singapore.

The training is conducted by experienced Ariel and HOERBIGER personnel and is a combination of both theoretical and practical based training. After completion of the training all personnel who complete and pass the training are issued with certification confirming their attendance.

The training course includes a mixture of both theoretical and practical.

Classroom theoretical training includes:

- Bolting and torque
- Lubrication
- Maintenance intervals
- Start-up checklist
- Bearings

Hands-on practical training includes:

- Checking and setting clearance
- Pressure testing lubrication divider blocks
- Disassemble and reassemble packing

HOERBIGER
because performance counts

HOERBIGER is active throughout the world as a leading player in the fields of compression technology, drive technology and automation technology. In 2013, its 6,400 employees achieved sales of 1.05 billion euros. The HOERBIGER brand is synonymous with performance-defining components in compressors, industrial engines and turbines, automobile transmissions, and multifaceted mechanical engineering applications. Innovations in attractive technological market niches are the basis for components, systems and services that offer unique selling propositions and long-term benefits for the customer. We set standards.
